

Sky Pro Brush Machine

is a window and facade cleaning system ideal for buildings up to 60 stories. This system uses technology similar to a soft touch foam brush carwash with an 8 ft (2.4m) cleaning path. The Brush Machine is suitable for buildings with flat glass facades and windows inset no more than 4 inches. Two rear mounted fans to keep machine against building.

The Sky Pro Brush Machine **BASE PACKAGE** includes:

- Rotating foam brush specially designed to clean windows, window frames, and building exterior
- 2 rear mounted fans to keep machine against building
- 2 brush motors to ensure consistent torque and rotation speed
- 1 side brush to clean in corners of building and have a larger cleaning path
- Aluminum, powder coated frame
- Removable swivel wheels mounted on bottom of frame for easy transport
- Splash guard to minimize overspray
- Stainless steel water distribution system
- Regulator valve to control water consumption
- 2 balloon tires on frame to protect building
- Electrical control box and 500 ft of electrical cable
- 350 ft of 5/16 inch galvanized wire rope
- 400 ft of 3/8 inch water hose
- Full remote control (fans, water, and brush forward/reverse control)
- 1 year parts warranty

Sky Pro Brush Machine **OPTIONS**:

- Rooftop outrigger with counterweights
- Rolling parapet wall outrigger
- Mobile davit outrigger with counterweights
- R.O./D.I. water filtration unit for "spot free" windows
- Wire winder; 500 ft maximum (mounts on rooftop outrigger)
- Self-climbing option (emergency release system, rope not included)
- Hand crank reels for water hose and cable management
- Customized parts, chemical injector, hot water heater, mobile generator, and equipment transport trailers.
- Enclosed trailer
- Spare parts kit
